MESSAGES FROM THE HOUSE OF REPRESENTATIVES

The following Message from the House of Representatives was received and read:

Tallahassee, Florida,
June 2, 1947

Hon. S. D. Clarke,
President of the Senate.
Sir:

I am directed by the House of Representatives to inform the Senate that the House of Representatives has passed, with Amendment—

By Senator Baynard—

S. B. No. 248—A bill to be entitled An Act to amend Sections 2, 3 and 4 and to repeal Section 7 of Chapter 23523, Laws of Florida, 1945, relating to the issuance of Revenue Bonds by the City of St. Petersburg, Florida, for the improvement, enlargement and extension of its water and sewer facilities; requiring the submission of this Act to the electorate of the City of St. Petersburg for its approval or rejection, and subject to said approval providing for the effective date of this Act.

Which Amendment reads as follows:

Amendment No. 1:

In Section 1, of the bill, strike out all of Section 1 and insert in lieu thereof a new section to be known as Section 1:

"Section 1. That Sections 2, 3 and 4 of Chapter 23523, Laws of Florida, 1945, entitled, 'An Act authorizing the City of St. Petersburg, Florida, to improve, enlarge and extend its existing water and sewer facilities and issue Revenue Bonds therefor; providing for the payment of such bonds and prescribing the duties of the city and the rights of the bondholders; and requiring the submission of this Act to the electorate of the City of St. Petersburg for its approval or rejection, and subject to said approval providing for the effective date of this Act', be and the same are hereby amended to read as follows:

"Section 2. The City of St. Petersburg, Florida, acting through its City Council, is authorized to improve, enlarge and extend its existing sewer and water facilities or any part thereof and to acquire and construct additions thereto and extensions thereof, including new plants and means for the storage treatment and distribution of water and flowage and disposal of sewage and any and all connections, tunnels and works incidental thereto, and to equip the same with all necessary machinery and accessories and acquire therefor all necessary lands, rights and easements. For such purposes, or any of them, said city is authorized to issue its revenue bonds in such amounts and at such time or times as the City Council may deem advisable, provided the issuance of such bonds is first approved by a vote of the qualified electors of said city as hereinafter required.

"Section 3. The City Council is authorized to require the users of its water facilities and its sewer facilities or any part thereof, now existing and hereafter acquired, constructed, improved, enlarged or extended, to pay such charges as it may

prescribe for the use of such facilities or any part thereof, such charges to be based upon the amount of water used, or the number of connections, if any, with the city's sewer facilities, or any combination thereof, and may require such charges to be paid at such times, in such manner and subject to such penalties, including the discontinuance of the use of said facilities in whole or in part, as it may prescribe. In fixing the charges to be paid for the use of said facilities the City Council may require that there be paid a single charge for the use of all said facilities or separate charges for the use of different parts of said facilities and, in its discretion, may also prescribe different rates of charges to be paid by the users of said facilities or any part thereof occupying premises located in an area theretofore served by the facility for which the charge may be imposed and those occupying premises located in an area not theretofore served by said facility, as it may deem just and equitable; provided however, that in fixing such rates of charges the City Council shall take into consideration the cost of constructing, installing or extending new trunk and lateral sewer lines, if any, and shall require the users of such new lines to pay such additional charge, in excess of that imposed upon other users of the city's water and sewer facilities, as in the judgment of the City Council will be sufficient to pay the cost of constructing, installing or extending said new lines. In addition thereto, the City Council shall prescribe, make and levy upon and against any real property within the corporate limits of said city to which either or both sewer or water connections are hereafter made, or are made available through any extension of such water and/or sewer lines, an original service and a connection charge at the time of extension of and at the time of actual connection with such lines in such reasonable and not disproportionate amount, in each instance, as said city, through its City Council, may determine, and the entire proceeds of such charges and of any lien evidenced thereof, shall be, by the City of St. Petersburg, applied to principal and interest of any obligations issued to finance said purposes, with the exception, however, that the city may retain from the connection charge the amount of money which it costs the city to make the actual physical connection. For the purposes hereof, the said city in hereby authorized to determine, assess and levy a lien against any real property so served, and to issue its fully negotiable certificates of indebtedness therefor, payable upon such reasonable terms and conditions as the city may prescribe. Notwithstanding that separate charges may be fixed for the use of different parts of said facilities such charges may be included in one bill or statement for the use of all such facilities and may be required to be paid at the same time and in the same manner as other charges for other services furnished by said facilities.

"Section 4. Revenue bonds authorized hereby shall constitute obligations of the city payable solely from revenues received by the city in payment of such charges, fees or rates as may be imposed by order of the City Council for the use of said water and sewer facilities or any part thereof, after first paying from such revenues the reasonable cost of maintaining and operating said facilities or part thereof. They shall constitute negotiable instruments within the meaning of the negotiable instruments law. The city shall not be required or permitted to levy taxes for the payment of any bonds issued hereunder and such bonds shall not constitute a lien on any city property."

And respectfully requests the concurrence of the Senate therein.

Respectfully,

I am directed by the House of Representatives to inform

the Senate that the House of Representatives has adopted—

By Messrs. Melvin of Santa Rosa, Fuqua of Manatee, Clement of Pinellas, Taylor of Hardee and Moore of Highlands—

HOUSE CONCURRENT RESOLUTION NO. 7

WHEREAS, the Supreme Court of Florida has the inherent power to fix and regulate admission to the practice of law of this State and has enacted Rule 1 (b) wherein it is provided

"(b). All applicants to take the examination for admission to the bar of Florida after January 1, 1942, shall be required to furnish to the State Board of Law Examiners evidence of graduation from a full time accredited law school or evidence of graduation from a part time accredited law school, namely a school whose sessions are held principally in the afternoon or evening, and approved by the Board of Law Examiners of the State of Florida. Such part time course shall cover a period of at least four (4) years, of at least thirty-six (36) weeks each, and shall be the equivalent of a full time law course in full time accredited law school.

The term 'an accredited law school' has reference to any law school accredited as a 'Class A' law school by the American Bar Association or the American Association of Law Schools, or any other law school that may be added to said list by order of this Court; that the term 'an approved college or university' means and refers to an 'A Grade' college or university, as recognized by the American Association of Colleges and Universities." and,

WHEREAS, the inflexibility of this rule works a grave injustice in certain instances, in that applicants, possessing all of the qualifications required for taking the bar examination, and who have through perseverance, hard and diligent work qualified themselves for the taking of the bar examination and are qualified in every respect to do so other than for the fact that they are graduates of schools not yet approved by the American Bar Association or the American Association of Law Schools, and

WHEREAS, those applicants who possess the moral qualifications, knowledge and learning required of graduates of those schools approved by the American Bar Association and the American Association of Law Schools are in effect being penalized because at the time of their graduation the aforesaid Rule 1 (b) was not in effect and in other instances due to financial difficulties the applicants could not attend one of the approved schools, and

WHEREAS, denying an applicant permission to take the examination solely upon the ground that the applicant is not a graduate of an accredited school, thereby ignoring the fact that the applicant may be of splendid moral character possessing sufficient knowledge and learning and possessing those attributes and gifts, equipping such applicant to become an outstanding member of the legal profession, is obviously unfair, unjust, arbitrary, discriminatory and foreign to the very principles of our democratic system and upon which these United States, because of man's freedom to make use of his talents, is the greatest nation in the world today and denying to such applicant permission to take the examination because of the reason aforesaid, disregards the major "yard stick" which is "Is the applicant of good moral character and does the applicant possess sufficient knowledge and learning?" and

WHEREAS, it is common knowledge that some of the outstanding members of the bar of this State and that some of the most renowned jurists and lawyers of our nation are not graduates of such approved schools, but through perseverance, hard and diligent work became outstanding men in the field of law.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES AND THE SENATE OF THE STATE OF FLORIDA:

That the Supreme Court of Florida be requested to modify Rule 1 (b), governing admission to the bar, to provide that the State Board of Law Examiners have the power and discretion to waive the requirement that an applicant be a graduate of a school approved by the American Bar Association or the American Association of Law Schools when such applicant shall show unto the Examiners that he or she because of experience, attainments and other commensurate qualifications is fully qualified in all respects to take the bar examination.

And respectfully requests the concurrence of the Senate therein.

 Chief Clerk, House of Representatives.

The answer shall admit or deny each fact alleged, except mere matters of inducement, or formal allegations, in the information, or avoid the effect thereof by a recital of the facts as defendant conceives them to be, and each issuable fact not denied in one of the manners aforesaid, shall be deemed to be admitted. No admission or allegation of the defendant made in an answer, motion or on the trial, shall be evidence against him in any civil or criminal proceeding, except upon a trial of a charge of perjury against him. All allegations or an answer not admitted in the information shall be deemed denied by the plaintiff.

(2) Motions—All questions of jurisdiction, or sufficiency of the information, and other matters of law may be raised by motion to quash, which motion shall be deemed, for the purpose only of said motion, to admit the truth of the facts alleged in the information. The defendant shall be entitled to an immediate hearing upon such motion to quash and either party to the proceedings, or the commission on its own motion, may call said motion to quash up for hearing on 10 days notice to the parties and all proceedings in the case shall abate until such motion to quash is heard and disposed of by the Commission. In the event said motion to quash be denied by the commission, it shall enter its order to such effect, which order may be appealed by the defendant to the Circuit Court of the county from which he is registered or from which he has applied for registration, within 10 days after the entry of said order. The commission shall be a party to such appeal and it shall be the duty of the commission immediately after said appeal is taken to forthwith transmit to the Clerk of said Circuit Court a transcript of the proceedings and, after the filing of such transcript with the Clerk, any party to the appeal may call the same up for hearing and final disposition before said Circuit Court on 10 days notice. All proceedings before the commission may be stayed during the pendency of the appeal to the Circuit Court by the filing of a bond or deposit of money by the defendant as provided in appeals from final orders of the commission. In the event the Circuit Court shall reverse the commission, an appeal therefrom may be had to the Supreme Court as other appeals herein provided for. In the event the Circuit Court shall affirm the order of the commission, the defendant shall have the right of appeal to the Supreme Court as herein provided for appeals from the Circuit Court to the Supreme Court, but no supersedeas nor stay of proceedings shall be granted the defendant during such appeal and the hearing on information and answer may pro-

ceed as herein provided. In the event the information shall be adjudged insufficient by the commission or on appeal, the plaintiff shall have the right to amend said information at anytime within 20 days after order holding said information to be insufficient shall become final. In the event of necessity of procedure not specifically provided for herein, the procedure applicable in chancery practice and appeals shall govern so far as they may be applicable.
